

ANNEXURE 1:

FEES & CHARGES 2026/27

FEES & CHARGES 2026/27

Fees and Charges

The Fees and Charges Schedule sets the maximum price payable for any particular activity or service provided by Council.

Fees or Charges less than the maximum listed amount are either set by Council through a resolution or by the General Manager or Council Officers through delegated authority.

It is important to note that the Fees or Charges that appear in the following schedule can vary according to the type of activity or user.

For example, differential pricing exists for the users of community halls and open space. The basis for differentiation lies in the categories outlined in the Pricing Policy.

Pricing Policy

Four Pricing Categories are used in the 2026/27 Fees and Charges to ensure that the range of fees and charges reflect the cost of providing services to the Woollahra community. As a matter of policy, Council increases fees and charges each year by at least the CPI where practical unless it would have an adverse impact on forecast revenue or users' capacity to pay. Variations to this are reported to Council and determined.

Pricing Policy categories:

ST – Statutory

Statutory Pricing occurs if relevant Acts and Regulations enable Council to set a fee or charge, or the relevant Acts and Regulations prescribe a maximum fee for a particular activity. These charges are legislated by the New South Wales Government across a range of activities and services provided by local government.

SUB – Subsidised

Under subsidised pricing, the price for service is set below the financial cost of providing that service.

COST – Cost Recovery

The fee or charge set under cost recovery pricing recovers for Council the cost of providing a service to the community.

FCR – Full Cost Recovery

Council sets the price for a service or activity to recover the cost of providing a service with a built-in rate of return on any asset being used or a mark-up for the service.

Replacement Development Application Fee – per replacement application Permitted under Clause 55 of the EP&A Regulation 2000 provides: "A development application may be amended or varied by the applicant (but only with the agreement of the consent authority) at any time before the application is determined". This fee applies to replacement development applications (clause 90 of EPA Reg 2000) applications lodged by the applicant and the fee depends upon the extent of assessment work already completed. This fee does not apply where Council has in writing requested the Applicant to amend the plans. This fee recognises that the original DA fee is often expended assessing applications later amended by applicants at their own initiative and more commonly when they become aware that the original DA may not receive favourable consideration. This fee is in addition to any additional advertising or integrated assessment fees that may be required.	COST	50% of the Original DA fee where the assessment report is in draft or in the opinion of Council the amendments are minor and will not require a substantial re-assessment. 75% of the Original DA fee where the assessment report has been completed and signed off but the application remains undetermined or in the opinion of Council the changes are such that will require substantial re-assessment	50% of the Original DA fee where the assessment report is in draft or in the opinion of Council the amendments are minor and will not require a substantial re-assessment. 75% of the Original DA fee where the assessment report has been completed and signed off but the application remains undetermined or in the opinion of Council the changes are such that will require substantial re-assessment	0.00	50% of the Original DA fee where the assessment report is in draft or in the opinion of Council the amendments are minor and will not require a substantial re-assessment. 75% of the Original DA fee where the assessment report has been completed and signed off but the application remains undetermined or in the opinion of Council the changes are such that will require substantial re-assessment	0.00

Concrete kerb & gutter or Driveway Layback - per lineal metre Includes saw cutting road, excavation, removal and disposal of waste to an approved tip, place min. 100mm 5MPa concrete lean-mix sub-base over existing sub grade, placement of mastic joints, laybacks, and connect house stormwater outlets (min. 1m length of 90mm UPVC/connection). All materials including 25Mpa concrete, cement/sand slurry, mastic joints and stormwater outlets shall be supplied by Contractor. The rate includes laybacks and restoration of the adjoining road pavement matching the existing road pavement material.	FCR	502.75	520.00	0.00	520.00	3.43
Kerb only or Gutter only – per lineal metre Includes saw cutting road, excavation, removal and disposal of waste to an approved tip, place min. 100mm 5Mpa concrete lean-mix sub-base over existing sub grade, placement of mastic joints, laybacks, and connect house stormwater outlets (min. 1m length of 90mm UPVC/connection). All materials including 25Mpa concrete, cement/sand slurry, mastic joints and stormwater outlets shall be supplied by Contractor. The rate includes laybacks and restoration of the adjoining road pavement matching the existing road pavement material.	FCR	385.00	400.00	0.00	400.00	3.90
Concrete Dish Crossings – per lineal metre Includes saw cutting road, excavation, removal and disposal of waste to an approved tip, place min. 100mm 5Mpa concrete lean-mix sub-base over existing sub grade, placement of mastic joints, restoration of adjacent road pavement matching the existing road pavement material, Supply of SL82 mesh, 200mm thick concrete, and 40 Mpa @ 28 days concrete.	FCR	615.75	635.00	0.00	635.00	3.13
Kerb outlet (100mm pipe) – per item For non standard pit sizes or different sized lintels and all other stormwater pipe connections Council will provide a cost estimate. Excavate (in all materials able to be excavated with a hydraulic excavator) with maximum depth to invert of proposed pipe of 1.2m, haulage & disposal of excavated material, supply & lay UPVC, supply and compact all backfill (sand to within 300mm finished surface and then 250mm DGB 20 – recycled), and temporary surface restoration with cold mix. Final restoration to use relevant rates.	FCR	295.00	305.00	0.00	305.00	3.39

Fee/Charge	Pricing Policy Ref.	2025/26 Fee / Charge incl. GST	2026/27 Fee / Charge excl. GST	2026/27 GST	2026/27 Fee / Charge incl. GST	Increase %
Gully Pits Inlets – per item For non standard pit sizes or different sized lintels and all other stormwater pipe connections Council will provide a cost estimate. Including inlet channel, supply & place lintel and grate (Class C), pour 1m kerb and gutter either end of lintel & around grate. 25 Mpa concrete shall be supplied by Contractor. Construction of a new kerb inlet pit, Price is valid for a pit up to 1.8m deep, price for pits of greater depth shall be negotiated.	FCR	5,997.00	6,165.00	0.00	6,165.00	2.80
Saw Cutting - up to 75mm thick – per lineal metre. Includes establishment fee.	FCR	77.00	80.00	0.00	80.00	3.90
Saw Cutting greater than 75mm thick – per lineal metre. Includes establishment fee.	FCR	102.75	107.00	0.00	107.00	4.14
Infrastructure security deposit Depending on the circumstances, a security deposit equal to the estimated value of the works may be required.	N/A					
Restoration Charges for Driveways, Roadways, Footways, Kerb & Gutters where works are performed by Council						
Roadway						
Bicycle Lane Separator – per lineal metre Bicycle Lane Separator Fees are charged in addition to the Roadway Restoration surface and base required. Bicycle Lane Separator must be measured to the nearest full section lock-in joint at each end	FCR	280.00	290.00	0.00	290.00	3.57
Bicycle Lane – Traffic Counter/Loop						
Supply and Installation – each Any Bicycle Lane Counter/Loop damaged during road openings requires complete unit replacement in the permanent restoration.	FCR	1,910.00	1,965.00	0.00	1,965.00	2.88
Bicycle Lane Coating Bicycle Lanes General – Roadway restoration in Designated Bicycle lanes must be the full width of the Designated bicycle lane and a minimum 1 metre in length to provide a safe, permanent restoration for bicycle riders.						
Establishment and installing colour – each	FCR	2,750.00	2,830.00	0.00	2,830.00	2.91
Bicycle Lane Coating Fee – per square metre Bicycle Lane Coating Fees are charged in addition to the Roadway Restoration surface and base required.	FCR	77.00	80.00	0.00	80.00	3.90
Linemarking Linemarking Fee is charged in addition to the Roadway Restoration surface and base materials required. Linemarking includes lines, symbols and text adhered to the Roadway.						
Establishment fee for thermoplastic line marking – each	FCR	1,520.00	1,565.00	0.00	1,565.00	2.96
Linemarking Fee – per lineal metre Minimum charge for Linemarking is $350 (does not apply when work amount for linemarking exceeds the charge).	FCR	23.50	24.50	0.00	24.50	4.26
